BRATTLEBORO, VERMONT, TUESDAY, EVENING, APRIL 18, 1916.

TWO CENTS.

## TO MEET THE WISHES OF U. S.

Indication of Change of Attitude on Part of Berlin Foreign Office

## AMBASSADOR TO MEET SEC. LANSING

Important Conference to Take Place in Washington Late This Afternoon—President Has Completed His Communication to Germany.

WASHINGTON, April 18.—Secretary Lansing and President Wilson conferred early this morning on the communication to Germany on the submarine warfare, which the President completed last night. The cabinet discussion of the submarine crisis today resulted in no change in the situation and it was announced that nothing had come up to prevent the despatch of the American note to Germany as planned, probably tonight or tomorrow.

Count Von Bernstorff's engagement to discuss the situation with Secretary Lansing late this afternoon will not delay the sending of the note or cause any change in its terms.

WASHINGTON, April 18.—Count Von Bernstorff, the German ambassador, acting under instructions from his government, will discuss the submarine crisis in general terms with Secretary Lansing at 4 o'clock this afternoon. It was understood that the ambassador had no instructions to discuss any specific case now in controversy between the two governments, but to take up the subject broadly and to seek the viewpoint of the American government. There were some indications today that Ambassador Gerard has been informed by the Berlin foreign office of its desire to meet the wishes of the United States if it is shown that the channel steamer Sussex was destroyed by a submarine in violation of the German government's instructions and that Count Von Bernstorff was authorized to make such a statement in general terms to Secretary Lansing.

## ASQUITH IS SILENT.

Will Not Make Expected Statement in the House of Commons.

LONDON, April 18.—Premier Asquith will not make his expected statement in the house of commons on the recruiting question today, according to an official announcement by Downing street.

The postponement of Premier Asquith's statement on the recruiting question, which he had promised to make in the house of commons this afternoon, was taken as an indication that the cabinet ministers were unable to reach an agreement on this subject, which has brought about the most serious crisis which the prime minister has had to meet in his eight years at the head of the government.

## MAINE MAN CONSIDERED.

Ex-Mayor Ingraham of Portland Likely to Be Asst. Sec. of War.

WASHINGTON, April 18.—William M. Ingraham, former mayor of Portland, Me., is being considered by President Wilson and Secretary Baker for assistant secretary of war. Mr. Ingraham has the backing of the Maine senators and it is understood the chances of his appointment are good.

## First Baptist Church

Thursday, April 20, 3 p. m.—Annual meeting of the Woman's society at the church. Officers for the ensuing year will be elected and other business transacted. A large attendance is desired.

A few more rooms are wanted for the Woman's missionary convention. Notify Mrs. E. L. Knowlton by telephone.

## In Odd Fellows' Temple

Wednesday, April 19, 7.45 p. m.—Rehearsal of Royal Purple degree. Thursday, April 20, 7.30 p. m.—Regular meeting of Oasis Encampment. The Royal Purple degree will be conferred on a class of candidates.

## Your Easter Hair Cut

Cut by the most expert of workmen in an artistic manner. No danger of scalp diseases in this shop of perfect sanitation.

## TODAY'S WAR SUMMARY

BERLIN, April 18, via London.—French positions on the Steinbruch, 700 yards south of the Handremont farm in the Verdun region, were captured by the Germans in their attack of yesterday. The war office announced today. The Germans took 1,646 prisoners, unwounded men.

PARIS, April 18.—The first line of French trenches in the Verdun region west of the Meuse from Dead Man's hill to Cumieres were captured yesterday by the Germans, says today's official statement. East of the river relative calm prevailed. Yesterday the attack between Doncourt and the Meuse was very violent. The German forces included troops from five different divisions.

LONDON, April 18.—The British lines on the south bank of the Tigris in Mesopotamia have been forced back by the Turks for a distance of from 500 to 800 yards, says a statement given out today by the official press bureau.

## CARPENTER CASE NOW BEING HEARD

Only 11 Jurymen Seated when Panel Was Exhausted and 12th Was Agreed Upon by Counsel.

The case of Lisle M. Carpenter of Brattleboro, former employee of the Central Vermont railroad, who lost a leg as the result of being run over in the yard at South Londonderry in January, 1909, against the railroad, was begun in the Windham county court at Newfane late yesterday afternoon. Negotiations looking to a settlement which were in progress Sunday failed.

After court opened yesterday afternoon about two and one half hours were consumed in obtaining a jury. When the entire panel of jurymen had been used only 11 jurors were seated. Rather than draw talesmen the attorneys on both sides consulted and finally agreed to seat one of the panel who had been excused previously.

Several witnesses from South Londonderry were examined yesterday afternoon and this morning the first witness was the plaintiff, Dr. C. R. Aldrich of Brattleboro who was on the stand when the noon recess was taken.

Practically all of the physicians of Brattleboro are in Newfane today, having been summoned as witnesses for the plaintiff. Mr. Carpenter sued for \$15,000 damages as a result of the injury which resulted in the loss of one leg. In 1912 the case was tried and resulted in a verdict for the plaintiff of \$9,250, the largest for personal injuries ever awarded by a jury in Windham county court. The verdict was appealed by the defendant company and the case was remanded for a new trial last January.

Attorneys for the plaintiff made a motion to amend the original bill and this was allowed, counsel for the company demurring. The case was finally set for trial on the first jury case of the present court on the question of the award of damages only.

## GET ANOTHER PLOTTER.

Fifth Man Indicted in Conspiracy Case Put Up a Stiff Fight.

NEW YORK, April 18.—Wolfe Von Igel, secretary of Franz Von Papen, former military attaché to the German embassy, was arrested here today in connection with the conspiracy case at 69 Wall street after a fist fight with four agents of the department of justice. Von Igel is the fifth man indicted yesterday with Von Papen, charged with conspiracy to blow up the Welland canal.

The federal agents said that Von Igel was not finally subdued until he had pointed revolvers at him. He then declared that he was on German territory and protested that the United States authorities had no right to invade that territory.

"Go ahead and shoot," his captors reported him as saying, "it will only cause war between the United States and Germany. You have no right to invade this office. It is German territory. These are Russian matters."

Before being subdued, however, Von Igel closed the door of a safe in the corner of the office and twirled the combination. Von Igel was arraigned later before Judge Howe.

Lacking a lawyer Von Igel was told by the court that his arraignment would be postponed until later in the day, when his plea that he had been illegally arrested could be formally entered.

Von Igel was detained in the federal building in the meantime in the custody of the federal officers. His assistant, George Von Skaal, attempted unsuccessfully during the proceedings to get Count Von Bernstorff, the German ambassador at Washington, on the telephone.

## DROWNS IN A FOOT OF WATER.

Babylon Business Man's Body Found in River.

BABYLON, L. I., April 18.—Sidney Alley, vice president of the Harry Bros. Hardware company, was found dead yesterday afternoon in the Hempstead river, near here. There was a foot of water in the stream at the point where he was found.

Coroner Moore said that death was due to drowning. Mr. Alley, who was 38 years old, had a nervous breakdown several months ago. In February he came back from a sanatorium, but did not return to his business.

He had breakfast with his family and afterward went for a walk. When he had not returned at noon his brother, former Village President Edward S. Alley, investigated. A member of a searching party found the body.

## PURSUIT AT STANDSTILL

Attack on American Troops by Carranza Soldiers Causes a Halt

## ONE PARTY FIRED UPON LAST NIGHT

The Attacks, with Reports of Sniping, Lead to the Belief That the Expeditionary Command Is Confronted with Serious Problem.

CAMP OF GEN. J. J. PERSHING, AT FRONT, April 17, by motor and wireless to Columbus, N. M., April 18.—The American pursuit is at a standstill because of the unprovoked attack upon the American cavalrymen by the insubordinate soldiers of the Carranza garrison at Parral.

A small party of American soldiers was fired upon near here last night, none of the Americans being injured. This, coming on the heels of other reports of sniping, is responsible for the belief that the expeditionary command is confronted with a serious problem.

At Gen. Pershing's headquarters there seemed no prospect of the resumption of the chase. There were numerous indications that a continuation of the pursuit would meet with armed resistance. A report received here from Carranza sources that a Villa colonel captured near Cuahuirachic had promised to lead a party to the grave in which Villa was said to have been buried Friday is generally discredited by the military authorities.

SAN ANTONIO, April 18.—Gen. Bell, reporting from El Paso to Maj. Gen. Funston, gave it as his opinion after as thorough an investigation as he could make, that the report of Villa's death had been manufactured in Juarez. Consul Letcher, who said he had been in communication with Cuahuirachic, also has failed to verify the report.

WASHINGTON, April 18.—Secretary Baker laid before the cabinet today long reports from Gen. Funston reviewing the whole situation on the border and in Mexico. From the state department the President and cabinet received an outline of the diplomatic steps taken or contemplated since the Carranza government urged the withdrawal of the American troops.

EL PASO, Texas, April 18.—The American punitive expedition in Mexico has virtually come to a halt in the pursuit of Villa. Despatches from the front say that only small detachments of cavalry are operating in the limited zones out of the army base at Satevo.

Mexican officials here still believe that Villa's body has been found, although no confirmation of the report was received over the Mexican telegraph lines. If Villa's body had been found it should reach Cuahuirachic sometime within the next 48 hours.

## MORE CADETS FOR WEST POINT.

First of Defence Bills to Pass Both Houses.

WASHINGTON, April 18.—The house passed a bill yesterday which had already passed the senate authorizing the increase of cadets at the military academy in West Point to approximately double the present number. The bill is one of the first preparedness measures to pass both houses of congress. Its purpose is to supply more officers for the regular army and for the training of militia.

The bill authorizes the appointment of cadets as follows: Two from each congressional district, two from each territory, four from the District of Columbia, two from Porto Rico, four from each state at large, and 80 from the United States at large, 20 of whom are to be recommended by the President as honor graduates of military institutions. Provision also is made for the appointment of enlisted men from the regular army and National Guard.

As modified by the house the bill also provides for the filling of vacancies so that the authorized strength of the cadet corps will be attained July 1 of each year. An immediate increase is to be made in the number of cadets to be admitted on July of the present year.

Mistaken. A gentleman in a cafe asked the person sitting next him if he would be so good as to pass the mustard. "Sir," said the man, "do you mistake me for a waiter?" "No, sir," was the reply, "I mistake you for a gentleman."—Pittsburg Dispatch.

## WILSON SPEAKS TO D. A. R. MEMBERS

President Says the Only Excuse for America to Fight Is in Behalf of Humanity.

WASHINGTON, April 18.—In an address welcoming the Daughters of the American Revolution gathered here yesterday for their annual congress, President Wilson declared that the only excuse America ever can have for the assertion of her physical force is that she asserts it in behalf of humanity. He was speaking of the purpose of the republic—born to serve the rest of the world just as much as itself—and had just said that the Nation will have forgotten her traditions whenever she fights merely for herself under such circumstances as will show that she has forgotten to fight for all mankind.

The President was enthusiastically applauded when he was introduced by Mrs. William Cumming Story, president-general of the organization.

He said: "The purpose of this nation was in one sense to afford an asylum to men of all classes and kinds who desired to be free and to take part in the administration of a self-governed commonwealth. It was founded in order that men of every sort should have proof given that a commonwealth of that sort was practicable. America will have forgotten her traditions whenever upon any occasion she fights merely for herself under such circumstances as will show that she has forgotten to fight for all mankind, and the only excuse that America can ever have for the assertion of her physical force is that she asserts it in behalf of the interests of humanity."

"What a splendid thing it is to have so singular a tradition—a tradition of unselfishness! When America ceases to be unselfish, she will cease to be America. When she forgets the traditions of devotion to human rights in general which gave spirit and impulse to her history, she will have lost her title deeds to her own nationality."

## ESCAPED FROM STATE HOSPITAL

Nadeau, Notorious Character, Had Been Under Observation Since He Attacked His Wife.

BANGOR, Me., April 18.—Freeman Nadeau, famous for a long and picturesque career, with many arrests for poaching, liquor selling and other charges, escaped from the Bangor state hospital last night.

He was committed for observation, by order of the supreme court in February, after being indicted for assault and battery upon his wife. While waiting trial in jail he attempted to cut his throat, inflicting a dangerous wound. He has been quiet and giving no trouble, but was closely watched.

About 8 o'clock last night, when most of the mild patients had left the wards to attend a dance in the assembly hall, Nadeau opened two locked doors, either with keys which he had secured or by picking the locks, and escaped. His absence was discovered 10 minutes later and a general alarm sent out, but no trace of him have been reported.

He is six feet tall, weighs more than 200 pounds, is smooth faced, swarthy, and has black hair traced with gray. When he left the hospital he wore a red-striped macinaw, gray trousers, gray flannel shirt, new black shoes and red underwear. The scar on his throat is conspicuous. He had no weapon as far as is known, and had a small amount of money.

His home is on the Shin Pond road, near Patten. He is famous as a woodsman and hunter, and it is believed that his capture will be difficult and perhaps dangerous.

## SHACKLETON MEN IN PERIL.

Mawson Will Ask British Admiralty to Send Relief Ship.

SAN FRANCISCO, April 18.—Sir Douglas Mawson, antarctic explorer, has reached here from Australia on his way to London, where he will assume his duties in the British war office.

It will be impossible to reach Lieutenant Robert Shackleton, supposed to be marooned on the antarctic continent, until next January, Sir Douglas said. While in London he intends to urge upon the British Admiralty the necessity of an expedition to rescue the ten men of the Shackleton party left with scanty provisions on the north side of the south polar continent when their ship Aurora was caught in the ice and carried away. They had hoped to return to the continent by the arrival of the Aurora of Lieutenant Shackleton, who disembarked on the south side of the continent.

## BRANDEIS'S CHANCES IMPROVE.

Hoke Smith and Borah Likely to Vote Yes.

WASHINGTON, April 18.—The senate committee on the judiciary has agreed to take a vote within a week or ten days on the Brandeis nomination for associate justice of the supreme court. Senators Hoke Smith and Borah, heretofore classed as doubtful, expressed themselves in the way that led their colleagues to believe they are favorable to confirmation.

The judiciary committee adjourned subject to call of the chairman, which means that a meeting will be called some day this week to further consider the case. Senator Fletcher, who is absent, will be voted for a favorable report.

## KNOWN DEAD NUMBER FIVE

Other Bodies May Be Among Wreckage on the New Haven Railroad

## EXPRESS CRASHED INTO LOCAL TRAIN

Coals from Locomotive and Explosion of Gas Tank Started Fire Which Destroyed Four Cars and Station and Freight House at Bradford, R. I.

BRADFORD, R. I., April 18.—The number of persons killed last night, when the New Haven railroad's Gilt Edge express from Boston crashed into a local train which had been disabled by engine trouble, had not been positively determined today.

Search of the wreckage was still in progress in an effort to determine whether it contained any bodies in addition to those of the five persons known to be dead.

It was the opinion of many at the scene during the night that at least three other passengers had been unable to extricate themselves from the burning wreckage. The known dead were:

Thomas Boardman, Westerly. Miss Janette Clark, Westerly. Margaret Bliss, address unknown. William Barber, Westerly.

Mrs. Oscar Martell of Southbridge, Mass., died in a hospital. More than 30 persons were injured. All of the victims were occupants of the rear car of a local train which had started to run on a siding in front of the Bradford station when the express crashed into it.

Coals from the express locomotive and an explosion of the gas tank on the bottom of the coach set fire to the wreckage and the flames spread so rapidly that the nearby station and freighthouse were destroyed, together with four of the wooden coaches of the local train. No one was injured on the express.

Trainmen were at variance in their statements as to the signals set against the express after the local train, detained here by engine trouble, had been ordered to take the siding. They agreed that the signal nearest the local was set for danger, but Charles H. Mansfield, engineer of the express, said that the signal next behind this showed a clear track ahead and that when he caught sight of the home light shining through the thick fog it was too late to stop his swiftly speeding train.

Mansfield remained here today not under restraint, but with the understanding that he was not to leave until the several investigations already started had been completed.

Engineer Mansfield's record, it was stated, showed that it was the first time in his 29 years of service as engineer that he had been in an accident.

## NEW YORK, April 18.—A revised

list of the dead and injured was given out at the New Haven offices here today, placing the number of lives lost at five, with two other persons unaccounted for and the number of injured at 39.

## MERCURY AT 88 TWENTY YEARS AGO

Above 80 for Four Consecutive Days in Week Corresponding to This—Deaths and Prostrations.

Twenty years ago the present week a hot wave extended over the entire eastern part of the country, and there were many deaths and prostrations from the heat in the large cities. For four consecutive days in Brattleboro the temperature was above 80, reaching the highest mark, 88, on April 17.

## INDICTED FOR PIRACY.

Hudson, If Convicted, May Be Liable to Life Imprisonment.

WILMINGTON, April 18.—Clarence R. Hudson, alias Ernest Schiller, who single handedly seized the British freight steamship Matopoff off Sandy Hook light on the night of March 29, and compelled the crew to put into the Delaware breakwater, was indicted by a federal grand jury here yesterday on a charge of piracy. There were four counts in the indictments and in case Hudson is convicted he is liable to life imprisonment. He probably will be arraigned before Judge Bradford today to enter his plea.

Albany, N. Y., last year spent \$1,145,029 on street improvements.

## CAPT. H. C. STREETER LEADING CANDIDATE

Department of Vermont, G. A. R., in Session in Burlington—Eighty Deaths the Past Year.

(Special to The Reformer.)

BURLINGTON, April 18.—Capt. Henry C. Streeter, of Brattleboro is the leading candidate for department commander of the Vermont G. A. R. at its 49th annual session held today in City hall.

In spite of the fact that death has depleted the ranks by 80 during the past year there are now 1,725 members in good standing in the 86 posts in the state.

No charter has been surrendered, and this indicates a healthy, vigorous condition of the organization.

Burlington did honor to the veterans by a lavish display of flags and bunting, and the mayor gave the keys of the city to Commander George P. Martin, to enter where he might.

The auxiliary bodies meeting here include the Woman's Relief corps, Sons of Veterans, Ladies of the G. A. R., and Woman's auxiliary to the Sons of Veterans.

Reports of the commander and his officers indicated that much excellent work had been accomplished during the year.

## HIGH SCHOOL ALUMNI TO MEET JUNE 21

Entertainment This Year Will Take Place in Auditorium, Other Festivities in High School.

A meeting of the general committee of the Brattleboro High School Alumni association was held in the high school room last evening. It was decided to have the annual alumni reunion Wednesday evening, June 21. The entertainment this year will be held in the Auditorium, the alumni meeting at the high school and marching down to the Auditorium, marching back to the school building after the program, for refreshments and class meetings. The proposed entertainment was discussed, but was not fully decided upon. This is the 25th anniversary of the class of 1891.

## JESSE P. SHURTLEFF.

Former Resident and Well-Known Odd Fellow Dies in Winthrop.

Jesse P. Shurtleff, 64, of Winthrop, Mass., formerly of Brattleboro, died at 7.45 o'clock Sunday morning of a bright disease. He had been failing since December and on April 3 he entered the Homeopathic hospital, where he underwent an operation Tuesday, April 11.

Mr. Shurtleff was a retired watchmaker. He and Mrs. Shurtleff came here from Cambridge, Mass., six years ago and lived here three years. Their home was in one of the Blakeslee houses on Prospect hill. They became active members of the Universalist church, Mr. Shurtleff being made superintendent of the Sunday school. Mr. Shurtleff also was actively identified with Waukegan lodge of Odd Fellows and Mrs. Shurtleff was actively identified with Dennis Rebekah lodge. While they lived here the Cambridge lodge of Odd Fellows came here and presented Mr. Shurtleff a past noble grand's jewel.

For the past six years they have owned a cottage at Spafford lake, between the Wheeler and Stoddard cottages, living there each year from June to October.

Funeral services will be held tomorrow at 2.20 o'clock at Mt. Auburn chapel, Rev. Dr. Bicknell officiating and the Odd Fellows participating, followed by cremation.

## FORCE PRIEST TO LOWER FLAG.

Sinn Feiners' "Rebel" Emblem Incenses Patriots of Irish Town.

DUBLIN, April 18.—How the curate and a group of Sinn Feiners in a little hamlet in County Mayo were engaged in a "rebel" flag which they had hoisted on the church of the place was revealed yesterday. It also was brought to light that while some of the Roman Catholic priests of Ireland are hostile to Great Britain, many of the best recruits are numbered among the priesthood.

Among those most vehemently condemning the Germans are Cardinal Legate, the Most Rev. Dr. Healy, Archbishop of Tuam, and the Most Rev. Dr. Gilman, Bishop of Clonliffe.

When the populace of the Mayo town saw the "rebel" flag they marched to the priest's house and said they would burn the building unless the emblem was hauled down instantly. The priest lost no time in complying.

## RHODE ISLAND G. O. P.

Convention Elects Delegates to National Convention.

PROVIDENCE, R. I., April 18.—The Republican state convention yesterday elected delegates to the national convention of the party, pledged to support a candidate for president "one who will have the approval and support of the united Republican party." Senator Warren G. Harding of Ohio declared in an address that no one man and no group of men would have any say in regard to the platform to be adopted by the Republicans at Chicago. United States Senator Henry F. Lippitt, Gov. R. Livingston Beekman, Harry P. Cross and Herbert W. Rice were elected delegates-at-large to the national convention. It is understood that Justice Hughes is the first choice of all the Rhode Island delegates.

## BOY RETURNS FATHER'S CAR

Traced by Officers After Leaving Garage in the Night

## FRANK EDWARDS IN TROUBLE BEFORE

State Contends He Took Car Without Permission and Drove it Without License—Seen in Town Today—Father Wants Matter Dropped.

The authorities were asked yesterday to find Frank Edwards, 20, son of Thomas Edwards, a mason, who took his father's Dodge car without permission and disappeared from town. He was traced as far east as Worcester, Mass., and yesterday afternoon was reported by Chief Manning of Greenfield, Mass., to have been seen in Bernardston, having gone there from Greenfield, and to have left Bernardston by way of the Northfield road.

Edwards was seen in town this morning and soon afterwards his father sent word to State's Attorney O. B. Hughes, asking that proceedings be dropped as the car had been returned and saying that his son was in New Hampshire pending assurance that no action was to be taken against him.

The officials do not favor the idea of dropping proceedings, for they contend that the young man, who has a court record, took a car without permission and drove it without a license—two separate offenses. State's Attorney O. B. Hughes says that the state officials spent considerable time and money in working on the case and that he does not intend to drop proceedings.

Edwards, using a key that belonged to another Dodge car, because his father had the key to his own car, managed to drive the car out of Manley Brothers' garage Sunday night without attracting suspicion. The state officials say that he drove the car as far east as Worcester. The machine was returned this morning and the young man was seen hurrying towards his home carrying a traveling bag and seen afterwards by the officers were asked to drop proceedings.

Edwards has been in trouble before. He has been twice before the municipal court on charges of intoxication and in August, 1914, was fined \$25 and costs of \$5.50 for operating an automobile while under the influence of liquor.

## W. F. ROOT DECIDES TO MOVE PHARMACY

Takes Lease of Former Leonard & Reoss Store in Hooker Building—Union Building May Be Sold.

A development which may presage another important real estate deal is the taking of a lease by W. F. Root, pharmacist, of the store in the Hooker building recently vacated by Leonard & Reoss, pharmacists. Mr. Root will move his pharmacy there after some changes and interior improvements have been made.

Mr. Root, who is proprietor of the former George E. Greene pharmacy, one of the oldest stands in town, occupies the middle store in Union building, which is a three-story brick building with basement. The north store is occupied by Elbert Simons, confectioner, and the south store by Donnell & Davis, milliners. The building is owned by the Herrick & Wyman heirs, E. C. Crosby having charge.

For some time a rumor has been current that the property might be sold, and it is known that parties have tried to secure an option on it. Mr. Root had no time, and rather than take a chance on being required to vacate on short notice he decided to move while the moving was good, in other words when a good location was open to him. Accordingly he went to Schenectady, N. Y., and arranged with Mrs. George W. Hooker for a lease of the former Leonard & Reoss store.

The new location is considered in some ways to be an improvement over the present one. The store is not quite as long, but it is wider, which is considered to be an advantage.

## TRIPP CHILD HIT BY STREET CAR

Daughter of Street Railroad Superintendent Knocked Down but Not Injured Beyond Bruises.

Dorothy Tripp, 6, daughter of Supt. A. L. Tripp of the street railway, stepped from the curbing near her home yesterday directly in front of a trolley car of which L. A. Smith was the motorman and was struck and knocked down by the car. The quick action of Smith in stopping the car saved the child from injury beyond a few bruises.

## THE WEATHER.

Overcast Tonight—Wednesday Fair with Rising Temperature. WASHINGTON, April 18.—The weather forecast: Overcast tonight. Probably rain in Maine. Wednesday fair with rising temperature. Moderate west winds.
